1   Overall, Mr. Bubb is one of the best professors here at Auburn!

2   Math or any type of math is not my strong suit. This professor was amazing and really made the efffort to help us learn and understand. He was always available to help out if we needed it. The grade in the course doesn't reflect him from my stand point. He did his job and I worked my hardest, but a C is a great grade for me in that class
